

MyChildAtSchool – Parental Consent

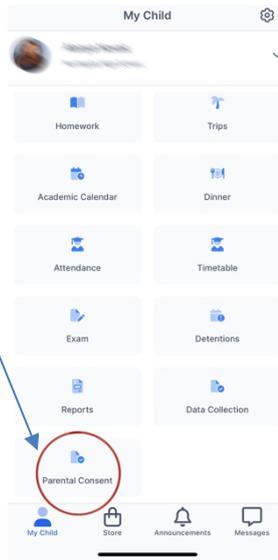

This guide contains separate instructions for the **MCAS app** and the **MCAS website**.

If you have not yet activated your Bromcom MCAS account, please follow the instructions on the Northgate website here:

<https://www.northgate.suffolk.sch.uk/site/data/files/bromcom/042FE40C60501DD2C886C5CDD3534D0C.pdf>

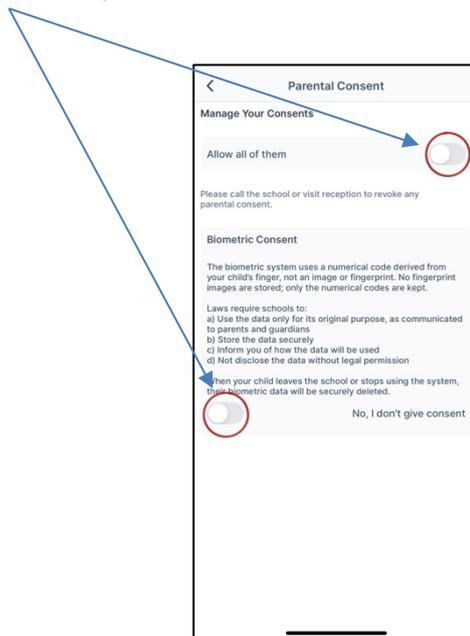

For the **MyChildAtSchool App**, please follow the steps below:

1. Log into the app and click on **Parental Consent**.

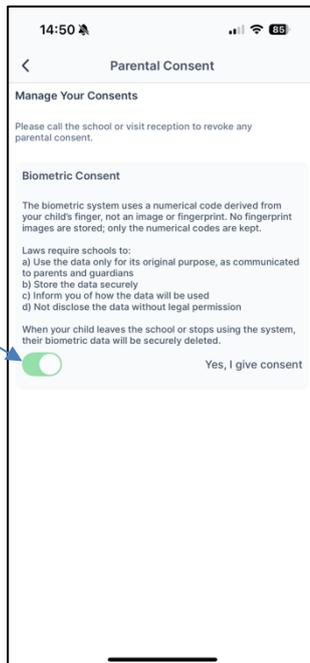

2. You will then see the consent(s) requested by the school.

Click **Button to give individual or multiple consent**.

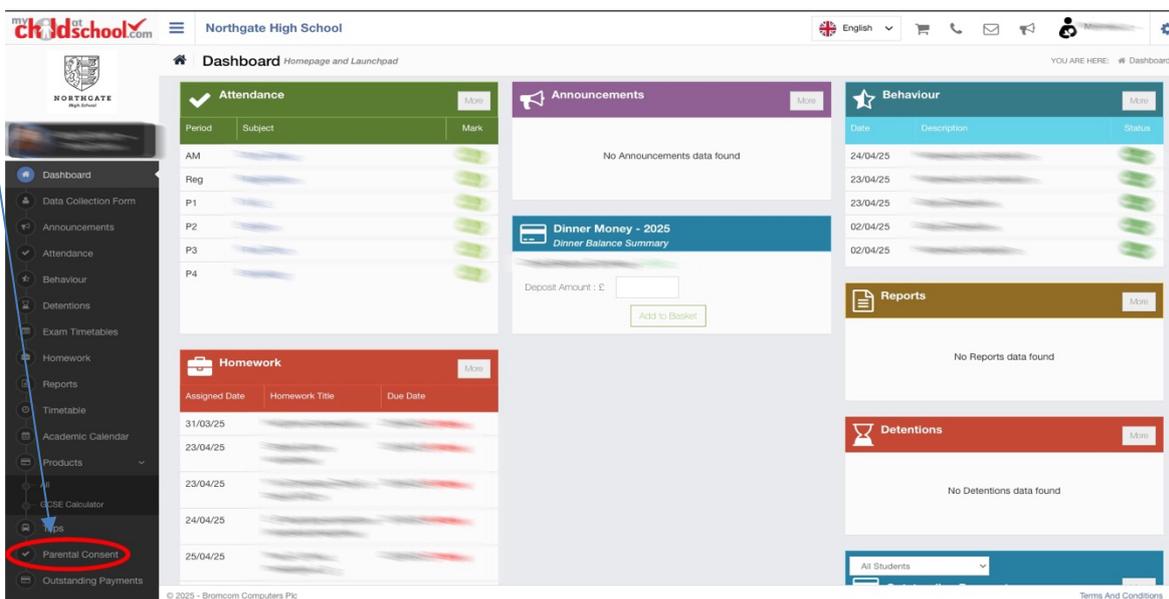

3. Once you have given consent the button will change to green. If you would like to Revoke any consent, please contact the school

For the **MyChildAtSchool website**, please follow the steps below:

1. Log into the MyChildAtSchool website. You will see the **Parental Consent** section which is on the left hand side.

2. In **Parental Consent**, please make your selection and click **Save**.

Parental Consent

YES, I give consent **NO, I do not give consent**

Biometric Consent
The biometric system uses a numerical code derived from your child's finger, not an image or fingerprint. No fingerprint images are stored; only the numerical codes are kept. Laws require schools to: a) Use the data only for its original purpose, as communicated to parents and guardians b) Store the data securely c) Inform you of how the data will be used d) Not disclose the data without legal permission When your child leaves the school or stops using the system, their biometric data will be securely deleted.

**Please call the school or visit reception to revoke any parental consent.*
