

## How Can Parents Help?

### 1. Check that your son/daughter is making full use of all the resources and support available:

Students have been given the following:

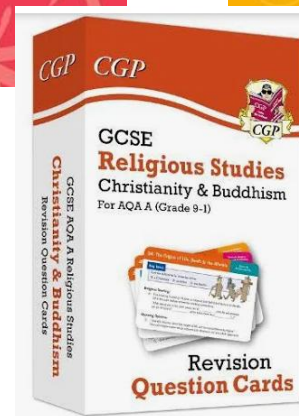

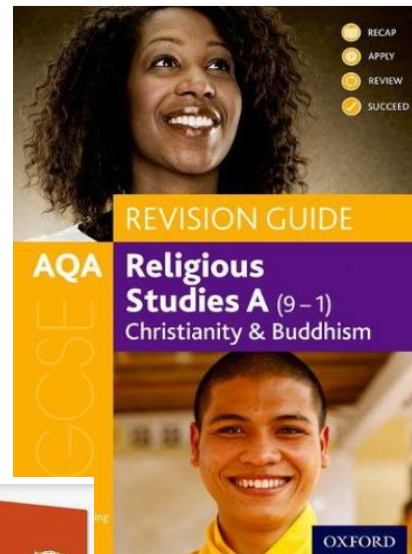

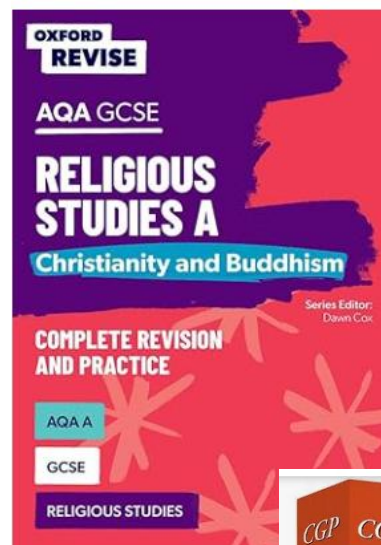

- A ring binder with all their lesson notes in
- Each unit has a knowledge organiser with the topics and key words stated
- A revision pack for each topic we cover, this contains an overview of everything we have covered, key words, exam questions and quick check knowledge questions.
- The revision packs also have QR codes that link to the answers to the exam style questions
- A bank of exam past papers across papers 1 and 2

### 2. Check that your son/daughter is using effective revision strategies:

Students are encouraged to take the following approach

- 1) Pick a topic – complete blank page retrieval for 10 mins max
- 2) Use revision material / lesson notes to fill in what is missing in another colour
- 3) Answer exam question on the topic revised – these are in the revision guides provided and past papers.
- 4) Hand in questions to be marked if required.
- 5) Repeat this process with ALL topics, focussing on areas of weakness
